Test

Click to select ad video file (.mp4, .webm)
Maximum paid plan limit: 60s

Video duration (60s) exceeds maximum platform limit of 60 seconds.

After submitting custom name of your category the upload video will be enabled

Click to select ad video file (.mp4, .webm)

If users try to upload ad videos which are over the plan duration the upload will be rejected

Video Resolution & Orientation Advisory

Detected quality check for commercial display

Uploaded Resolution:

1280 × 720 px

Recommended Standard:

1080 × 1920 (9:16 Portrait Full HD)

Low Resolution Notice: Videos below 720p may appear blurry or pixelated when displayed on high-definition commercial screens.

Orientation Notice: You uploaded a Horizontal / Landscape video for a Vertical Tabletop Tablet. It will be centered with black letterbox bars on top and bottom.

You can proceed with this video, but for optimal visual impact we recommend uploading a Full HD 1080p creative.

Change Video

Continue Anyway

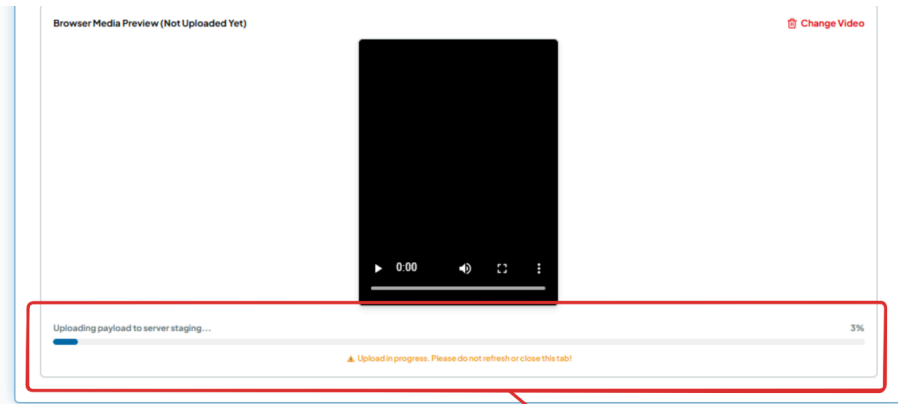

when uploading ad videos which are not of the System default format, the system warns the users but this is completely fine and can be ignored but should be followed for perfect edge to edge video playback

Browser interface showing the video upload process:

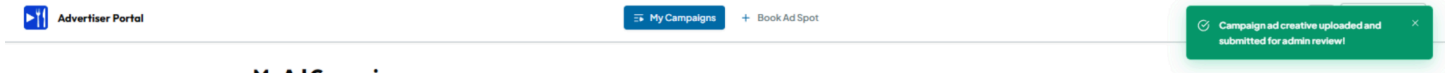

- CAMPAIGN CREATIVE FORMAT** (PAID FORMAT: DYNAMIC VIDEO AD (60S PLAN))
- 1. SELECT AD CATEGORY / INDUSTRY** (CATEGORY SELECTED)
- DEFINE CUSTOM CATEGORY / INDUSTRY NAME** (DEFINED)
- Selected:** vidssave.com Gems ad 2017 720P.mp4 (Maximum paid plan limit: 60s)
- Browser Media Preview (Not Uploaded Yet)** (Change Video)
- Upload Ad** button

AFTER perfect video is uploaded the video is available for preview immediately users can confirm the video before uploading

click this video to start uploading the videos

Once upload starts this process should not be interrupted or the video upload might fail and campaign will be cancelled
